

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust

Library Modification:

Library is a place where students' visit to browse information related to curriculum. Students tend to learn most when they are actively involved in developing their knowledge. At Mathabhanga College, we in Library try to motivate the students to read not only syllabus related books but also the books apart from syllabus as well. To enable the students to exploit all possible information resources available in the library and supplement their learning process and to read maximum books from the library and to increase the footfalls of students in library from 2016 onwards we did tremendous job to modify our Library. We have purchased offline digital catalogue to record all the books we have in our library and equipped the library with employment news paper, general news papers all short of books etc. We have provided enough space to the student for peaceful reading. We have purchased NLST INFLIBNET. Our library equipped with Journals of different subject, competitive exams books, ancient books etc. Since most of the students in our college are coming from poor grounds and they generally don't have enough money to buy the books, our library provided them shelter for their examination preparation
