

MATHABHANGA COLLEGE  
MATHABHANGA, COOCH BEHAR  
Department of Sanskrit  
**Online Parent-teacher meeting of 2<sup>nd</sup> Semester  
A Report**

Dated: 29.07.2021

An Online Parent-teacher meeting of 2<sup>nd</sup> Semester of the Department of Sanskrit, Mathabhang College held today (29.07.2021). All the teachers of the Department and a good number of parents attended the meeting. An effective inter-active discussion held among us. As most of our students are from village, so they are badly suffer from irregular electricity supply and Network problems. Almost all the guardians expressed the same view. Students of remote areas are the worst sufferer. Some students have no smart phone for attending the classes. Some guardians reported that their children lost their interest in study and remained busier in social media. After thorough discussion guardians gave some suggestions for the improvement of their children's study as follows:

1. To take classes when the network is better.
2. To upload study materials early.
3. As the students gradually become less interested in study, so classes should be held at least one day in a week obeying all protocols of Covid-19 .
4. To give hard copies of study materials as the students of remote areas have no printing facilities in their locality.

All the teachers promised to try heart and soul to fulfil the requirements of the students as far as possible.

With thanks to all the meeting ended her.
